

BEDFORD RURAL ELECTRIC COOPERATIVE, INC.
OUTDOOR LIGHTING SERVICE

AVAILABILITY

Available to all members of the Cooperative for outdoor lighting service, subject to the rules and regulations of the Cooperative.

MONTHLY RATE

The following equipment is available for installation:

Light-Emitting Diode (LED) Area Light	\$ 9.20 per month
Small Light-Emitting Diode (LED) Flood Light	\$ 21.45 per month
Large Light-Emitting Diode (LED) Flood Light	\$ 28.05 per month

The following equipment is no longer available for installation and will no longer be maintained. If a light requires replacement, an LED fixture will be installed:

100W High Pressure Sodium (HPS)	\$ 9.20 per month
175W Mercury Vapor	\$ 11.05 per month
250W Mercury Vapor and HPS	\$ 21.45 per month
400W Mercury Vapor and HPS	\$ 28.05 per month
1,000W Mercury Vapor and HPS	\$ 54.80 per month
75W Mercury Vapor Post Lamp	\$ 9.20 per month
100W Mercury Vapor Post Lamp	\$ 9.20 per month

CONDITIONS OF SERVICE

1. The monthly rate applies when a light is installed on an existing pole. If the Cooperative is required to install a new pole for the light to be installed on, there shall be an additional charge of \$2.00 for that pole. If additional pole(s) are required, there will be a \$2.50 charge for each pole. All facilities shall be owned and maintained by the Cooperative.
2. Members shall be required to pay a non-refundable contribution in aid of construction for the cost to install wiring necessary to extend service. Also, where the Cooperative is required to install a transformer at the member's request, for the sole purpose of providing lighting service, there shall be an additional charge of \$4.20 per month.
3. Should a member notify the Cooperative that a light has failed, the fixture will only be replaced during regular daytime working hours as soon as practicable.
4. After the fixture is installed, it will be relocated at the member's request, only upon payment in advance for the costs involved.

TERM

Minimum of one year for standard installations. Minimum of three years where additional facilities are required.

WHOLESALE POWER COST ADJUSTMENT

The above rates are subject to increase or decrease should the Cooperative's cost of purchased power change.
